IMPORTANT COMMUNICATION TO EMPLOYEES AT TRIMAC CORPORTATION:

Brothers,

As you are aware, the company requested that we postpone our bargaining for the month of October, so they could work on renewing the Trimac contract with CPKC.

We followed up with the company in mid-October, and received a reply asking for potential dates in November.

After looking at the schedules of all involved, including annual vacation times over the holiday season, we will be unable to meet with the company prior to January 2027.

We have already confirmed with the company, that any increases negotiated after the current Collective Agreement expires, will be retroactive.

If there are any questions or concerns, please reach out to us.

Sincerely,
Your Bargaining Committee
