Health and Safety Committee Members Meeting

December 3, 2022

Meeting opened at 9AM MT

Present:

- Erin Zuchotzki
- Glen Rankine
- Susan Jonah
- Jon Grdic
- Cliff Schultz
- Peter Aligianis
- Stephen Aubertin
- Annie Daignault
- Todd Schulstad
- Dave Hill
- Sean Waddick

- Went over the H&S survey – 6 people did not respond.
- SJ – ICS does not have enough members in each location to have a National H&S meeting. There is not any follow-up in Atlantic Canada terminals.
- SA – There are not enough stop buttons along the roller system, there are covers protecting the buttons injuring workers, there is no static wire (Sudbury). There is no static wire on the conveyor belt, the conveyor belt is not bolted to the floor (North Bay). No H&S contact in Bracebridge or Thunder Bay.
- We will present the survey information to the company in January. After that we will release a direct link with further information.
- SA – cell phone use: Members are expected to use their personal cell phones to contact customers, no one monitors the scanner system.
- SW – Can we get computer access so we can do the training and follow up?
- PA – USW training is better than Carriers Edge training.
- EZ – look online for training in local areas
- AD – will send out information at the end of this
- SJ – Can we follow up if ICS is supposed to be part of the National H&S rules?
 - Yes, ICS should be following the same rules and policies.
- SW – Are the workplaces Federally Regulated? What about shared facilities?
 - Yes, and yes.

Meeting end at 9:46 AM MST

Next meeting to be announced in the new year.
